

## Career Services Assignment Week 2 – GitHub Profile Setup

Points possible: 50

Category	Criteria	% of Grade
Completeness	All requirements of the assignment are complete.	100

**Instructions:** Follow the steps below to set up your GitHub account profile. After watching the video, *Source Control with Git Overview*, you should have already set up a GitHub account for this program. If you have not setup your GitHub account, review the above video in Week 1's curriculum and set your account up before proceeding with this assignment.

1. GitHub should not be thought of as a resume or networking tool as much as it should be a place to showcase your work and code. To that end, having a GitHub profile that is personalized shows potential employers or clients that you care about your work.
2. Now that you are set up with GitHub, let's get your profile page ready to go!
3. First, upload a high-quality headshot to your profile page.
4. Next, update your profile to discuss what you do and what you are learning. You have to think about this one, because GitHub doesn't give you too many characters to accomplish this task.
5. Follow at least three (3) of your classmates, teachers, or any repository of interest to you.
6. Go to one of your repositories and update the **About** section to discuss what the purpose of the assignment is and tag the languages used like below:

7. Finally, add a link to your GitHub profile on your LinkedIn page.

## Attach Screenshots of Your Finished LinkedIn Profile Below

The screenshot shows a LinkedIn profile for Shashanka (Shawn) Bataju. The profile picture is a circular headshot of a man with a beard and mustache, wearing a dark suit, white shirt, and red tie. The background banner image shows a landscape with a body of water, a fence, and mountains under a blue sky with clouds. The profile name is "Shashanka (Shawn) Bataju" with a pronoun "(He/Him)". The headline is "Fishkeeper 🐟, and Aspiring Software Engineer 🧑‍💻". The location is "Lincoln, Nebraska, United States" with a "Contact info" link. It shows "38 connections" and three buttons: "Open to", "Add profile section", and "More". Below these are two cards: "Open to work" (Web Developer and Intern roles, "See all details" link) and "Share that you're hiring and attract qualified candidates." ("Get started" link). The "Analytics" section shows "2 profile views" and "231 post impressions". The "Resources" section shows "Creator mode" is "Off" and "My network". A "Show all 6 resources" link is at the bottom.

Learning Java through [Promineo Tech](#) bootcamp. At first, I was skeptical because they are based in Surprise, Arizona. Didn't think it was a real place 🤖. Turns out to be a decent program with great support system.

The submission page also mentions to include a screenshot of GitHub profile:

The screenshot displays the GitHub profile of Shawn Bataju (sbataju). The profile includes a circular profile picture, a bio, and a list of repositories. The bio states: "Hi my name is Shawn! I am a Computer Science student at UNL and attending a web developer bootcamp through Promineo Tech. I have been building skills for a career in Software development and enjoy the problem solving aspect in this field very much. I have taken some C++ classes from college. I am currently working on: HTML, CSS, Javascript, DOM, and jQuery through Udemy. 100 days of code using Python. Back-End Web Development through Promineo Tech coding bootcamp. Bachelor's degree in Computer Science from University of Nebraska - Lincoln. You can reach me via email on batajushashank@gmail.com Also follow me on: Instagram (Personal): @batajus, Twitter (Professional): @SBataju". The repositories section shows "termcalc", "Test-Repository", "sbataju", "Promineo-Tech-Week-1", and "Promineo-Tech-Week-2". The contribution activity section shows a calendar for September 2022 with 88 contributions in the last year. The first repository is "Promineo-Tech-Week-1".
